# PROTECTION FOR YOUR HOME AND YOUR WALLET FOR ONLY **£8.99** PER MONTH.

What would you do if you came home to find water dripping through your ceiling? Or your lights not working? Panic? Check your credit card limit? Spend hours searching through the Yellow Pages looking for a plumber or electrician you think you can trust?

A home emergency can strike when you least expect it and when you can least afford it. Protecting your home with Nationwide Gas Care's Plumbing and Electrical Cover will not only preserve your peace of mind but also save you money too.

Our simple and straightforward plan in conjunction with our 5 star boiler plan covers you for all of the major problems you are likely to experience in your home. Ensuring that should disaster strike, a single phone call is all that it takes to get things back under control.

Our local, fully qualified engineer will be on site as soon as possible to minimise any further damage to your property and we'll carry out all necessary repairs without you needing to get out your credit card or chequebook.

## What's covered and typical cost to repair or replace?

PLUMBING	ELECTRICS
